Re: AT&T Corp. Petition for Declaratory Ruling Regarding Enhanced Prepaid Calling Card Services, WC Docket No. 03-133

Dear Ms. Dortch:

On January 14, 2005, James Olson and I, on behalf of the United States Telecom Association, Tina Pidgeon on behalf of General Communication, Inc., and Jim Rowe on behalf of the Alaska Telephone Association, met with Jeffrey Carlisle, Bureau Chief, Lisa Gelb, Deputy Bureau Chief, Jeremy Marcus, Legal Counsel to the Bureau Chief, Tamara Preiss, Division Chief of the Pricing Policy Division, and Steve Morris, Deputy Division Chief of the Pricing Policy Division, all of the Wireline Competition Bureau regarding the above-referenced proceeding. The purpose of this meeting was to urge the Commission to find that AT&T's prepaid calling card service is a telecommunications service and that calls made using the service can be either interstate or intrastate in nature and further that there is no basis for excusing AT&T from paying, prospectively or retroactively, intrastate access charges to carriers for intrastate calls made using the service and contributions to the Universal Service Fund on the interstate revenue derived from calls made using the service. In accordance with Section 1.1206(b)(2) of the Commission's rules, this letter is being filed electronically with your office.

Please feel free to contact me if you have any questions.

Sincerely,
